PMVA TRAINING MANIKIN

IDEAL FOR THE FOLLOWING TRAINING SCENARIOS:

The PMVA (Prevention and Management of Violence and Aggression) Manikin was designed with assistance from a renowned facility for physical intervention training aimed at reducing the escalation of violence in mental health establishments, but is equally of value to those managing potentially violent persons, such as prisons, the Police and even special schools.

SPECIAL MATERIALS:

Constructed from the same flame retardant material used in Police ballistic/stab vests, offering 4x the strength and abrasion resistance of 16oz canvas or P.V.C. (conforms to OEKO-TEX® Standard 100, BS EN ISO 12947-2 & 14116: 2008). High density polypropylene webbing (25mm rated to 207 Kg, 50mm rated to 440Kg).

FEATURES & BENEFITS:

- Comes complete with gloved hands, which articulate at the correct pressure points.
- Holds can be performed in seated or lying position.
- Minimises person-to-person contact.
- Anatomically correct weight distribution to give the 'feel' of an unconscious casualty.
- Strong webbing loop at the back allows easy handling, hauling aloft, storage and suspension for drying.
- Tough enough to withstand being buried under concrete or steel lintels, driven over by a 4x4 vehicle, or dropped from a 2nd floor window without damage.

- Soft body joints to eliminate the risk of pinch welts and bruising; common injuries when using plastic bodied manikins.
- An immobilisation/extrication collar can be fitted around the neck of our adult manikins to promote proper casualty care, if required.
- Using shoutbox feature (optional extra) you can personalise a recorded message up to 60 seconds which can be periodically repeated.
- Comes complete with boots and overalls which are easily replaced if damaged.

NOT SUITED FOR:

- Use in temperatures above 100°C or flashover scenarios – See our **Fire House manikin**.
- Use in water – See our **Water Rescue range**.

OPTIONAL EXTRAS:

- Tough drag protectors and overalls to greatly extend the life of your manikin.
- Shoutbox and hood to give your casualty the power of speech to add extra realism.
- Face mask and wig for a more human-like appearance.

DESIGNED SPECIFICALLY FOR:

- Mental Health Institutions
- Secure Hospitals
- Police and Prisons
- Anyone who needs to safely handle potentially violent persons.

AVAILABLE WEIGHTS & SIZES:

DESCRIPTION	MODEL CODE	HEIGHT (M)	WEIGHT (KG)	NATO STOCK #
